

LOUIS POST-DISPATCH

WELL-KNOWN ST. LOUISANS.

Frederick M. Crunden.

Frederick Morgan Crunden was born at Gravesend, England, Sept. 1, 1843. His parents came to America while he was an infant and located in St. Louis. Here Mr. Crunden received his early education in the public schools. At the age of 18 he entered the High School, and was graduated from Washington University in 1869. He held several important positions as an educator, and in 1875 he was installed as librarian of the Public School Library. He is now librarian of the St. Louis Public Library. He is a member of the Mercantile Club and the University, Round Table and McCullough Clubs, and is a member of the Executive Committee of the Missouri Civil Service Reform Association. In June, 1893, he was married to Miss Kate Edmondson.

MEN OF MARK.

The present Mikado is the 123d of the line. There is but one scarlet bicycle in London, and Sir John Gorst, Vice-President of the Council, the Minister for Education, rides it. Archbishop Walsh of Dublin also rides a wheel.

John Rhore, Chief of the Scotland Yard Criminal Investigation Department, has just been retired on full pension. He has served forty years on the police. His successor is Chief Inspector Swanson.

Berry Wall, once the leading light of the men-about-town, can be seen any afternoon seated in the windows of the New York Club. He is living a very quiet life these days, and has deserted Delmonico's and his boon companions of yore. But he dresses still in the height of fashion.

Gen. Thomas L. Clingman of North Carolina, who gained fame as a commander of Confederate troops during the war, and gubernatorial mansion at Frankfort. The wife of old Gov. Robert F. Letcher was her great-aunt, and bequeathed to her the silver service that graced the mansion during Gov. Letcher's term.

Countess Nelson, who has just been received into the Roman Catholic communion at Florence, is the only daughter of the gubernatorial mansion at Frankfort. The wife of old Gov. Robert F. Letcher was her great-aunt, and bequeathed to her the silver service that graced the mansion during Gov. Letcher's term.

There Wednesday... candidate for... Zed W. Hook of... Coroner of Callaway... Pike County's Republican... convention will meet at New Harmony June... Col. T. Benton Taylor is a candidate for Representative from Callaway County... The Monett people are making arrangements to start a lively Democratic silver paper... The Worth County Times thinks the Republicans will again nominate Judge Orton for Congress... Monroe County will have to choose between Brace for Supreme Judge and Pitts for State Treasurer, as both are applicants for the places... Farmer Wade ought to shy around where the audience can get a full view of him while the Republican delegates are talking about that "good country man" for Governor, says the Springfield Leader-Democrat.

ARKANSAS POLITICS.
Seven thousand people listened to Tillman at Little Rock... E. H. Ross declines to run for Representative of Phillips County... Carriages went round for poll-tax... voters at the Little Rock primary... Mr. O. J. Owen of Enders has launched a newspaper at Conway this week of the early groves... The Pulaski County Democratic Convention in June will be held at Glenwood Park, Little Rock... When Uncle Zach Baker of Washington County is speaking his voice "gives a silver shimmer to the foliage of the early groves..." Dan W. Jones and J. H. Harrod, candidates for Governor, addressed a large audience at the county court-house in Texarkana on the 13th... Hon. J. H. Harrod says: "If a State of equal width having a deeper sound above the hem, and intended to be worn over glass silk petticoats of varying hues, while for daily wear glass skirts are all the fashion, with deep flounces having cordings, which are a dominant idea in spring frocks, garments and what not, may lace and muslin flounces for petticoats are made washing toulard so much worn in summer."

Home-Made Tonic for Malaria.
A home-made tonic for malaria or the feverish, languorous feeling peculiar to the spring, known as the spring collapse, is a cup of black coffee with the juice of half of a good sized lemon squeezed into it. It should be taken in the morning on an empty stomach. Some people find the draught so bitingly bitter it requires a certain amount of moral courage to take it. The fault, it is said, is with the coffee. If it is made of one-third Mocha and two-thirds Java, and drank just as it has come to the mill, it can scarcely be strikingly unpalatable when mixed with the lemon.

Strawberry Whipped Cream.
Rub two pounds of a hard of strawberries through a sieve, and add half a pound of powdered sugar and one quart of whipped cream. Place in a dish, and add a layer of blueberries and continue alternately until the cream is used up. Set in a cool place for an hour or so, and serve in the dish in which it is prepared.

Good Dandelion Wine.
Two quarts of dandelion bloom to four quarts of water; let stand twenty-four hours. Put on the fire and let come to a boil; add two pounds of sugar and one pint of strained through a fine cloth while hot; add three pounds of granulated sugar and when it is lukewarm add two-thirds of a yeast cake. Let stand one day and bottle, not too tight at first.

Grass for Carpet Sweeping.
Persons who are accustomed to use tea leaves for sweeping their carpets and find they leave stains will do well to employ freshly cut grass instead. It is better than the tea leaves and gives a brighter and fresher look.

LETTERS FROM THE PEOPLE.
(The Post-Dispatch does not hold itself responsible for any opinions or statements of facts in these letters. It is a free parliament.)

"Good Dollars, Sound Dollars."
To the Editor of the Post-Dispatch.
The cant in the heading of the circular that they are going to send out from McKinley's headquarters is sickening. "What dollars we have in this country are not good dollars, worth 100 cents, whether it be gold, silver or paper." What nonsense! The dollar we are using is a good dollar, it is when you come to measure them in produce you find they are not as "good dollars" as the dollars of the past. The measure of your labor—whatever you have to sell—is worth less in the dollar, silver or paper. Gold rules their measuring power, and the gold manipulators have so managed that the measure holds more, both of produce and labor, than it used to do or in justice ought to be. They have the measure, we have the labor and the produce. They insist we shall fill their frames with their "good dollar" in order to enslave the producers. All that is necessary is to restore to its proportions of old, before the "crime of 1873" made it fraudulent. St. Louis, May 13. DEMOCRAT.

The Single Tax Va. Land Reform.
To the Editor of the Post-Dispatch.
I have said no word in these columns either for or against a "protection" tariff. Considering, with Henry George, a reform in our system of land tenure a vital and paramount issue, I have protested against encumbering that issue with an incongruous and unnecessary attempt to overthrow our national revenue system—an attempt which brings the two issues into antagonism with all the great parties and most of the "traditions" of the country. Not through such an antagonism lies the way to triumph for land reform.

No Change or Shadow of Turning.
To the Editor of the Post-Dispatch.
One "Osborn," representing the Kansas City World, has been in this city within the last week canvassing for the World. He has said to parties here that the World is the only free silver paper west of the Mississippi River. On being told that the Post-Dispatch was a free silver paper he said it was not, and said that it had changed its policy within the last ten days. As a constant reader of the Post-Dispatch I know that his assertions are false, as I have watched the course of the Post-Dispatch during the last year with a great deal of interest, and am satisfied that so long as the Post-Dispatch is edited by C. H. BARNES, it will not be found wanting.

GEN. PIET JOUBERT.
This is a picture of the new Vice-President of Mr. Kruger's Transvaal Republic. Though a good deal of he was born in Uniontown, Pa. He has been General-in-Chief of the Transvaal troops.

The Only Genuine.
From the Mountain Home (Ark.) Citizen-News.
The Post-Dispatch has been published only as a daily. The price of the Weekly will be 50 cents a year, and as it is the only genuine Democratic paper listed at St. Louis, it ought to receive large patronage.

A Novel Hair Mount.
A new and ingenious device for the arrangement of the coiffure in the fashionable twisted coils so much worn has recently been patented in England. It consists of a species of double comb made in imitation tortoise-shell, opening with a hinge and curved to the back of the head.

Recesses of Fashion.
The woman who never wears her street gown in the house is sure to look dainty both out and indoors. The summer girl will know what tormenting vicissitudes are concealed in an obstinate collar button. A handsome umbrella handle is of "richness," a wood that emits a delicate fragrance when warmed by the hand.

For Her Slender Waist.
Pigskin has been added to the list for belts. The popular color is a pinkish tan, and the clasp a jeweled one. Monkeyskin, clasped with a miniature set in gold, makes one of the latest belts. Hereofore clasps of the sort have been confined to ribbon and silk, but some fresh design seems to spring into life each day. More novel than either, however, is embroidery of colored beads on a foundation of silk canvas. These are finished with delicate clasp of gold, and are accompanied by chaste chain made of the same material.

To be correct, the belt and the must match. Colored leather, supple, almost endless variety, and one has only to buy with discretion to acquire a series of fetching combinations.

Strawberries for Breakfast.
Select some unusually large berries, shake them free from dust, and serve them unadorned in places with the hulls unpierced. In the center of each plate place a small coffee-cupful of powdered sugar. The strawberries may be dipped in the powdered sugar and eaten from the hulls.

Jumbles.
One pound of sugar, three-fourths of a pound of flour, one pound of butter, seven eggs, one teaspoonful of soda, one nutmeg, cream the butter and sugar, add the eggs, then the flour, nutmeg and soda. Bake in a moderate oven.

A Caution to Lady Cyclists.
A London exchange says: The latest form of confidence trick—when, oh, when the other fellow gets going to bed, the trick—is for a faultily dressed young man to offer assistance to lady cyclists. The "repairs" accomplished, the scam modestly offers to try the machine, "just to see if it's all right now." He does try it—or has done so in at least three cases recently—and it is found "all right" to such good purpose that machine and young man vanish from the lady's ken for evermore.

Broom Covers.
A broom cover of cotton damask in any dark color is a veritable boon to a tired housekeeper. Fit the cover closely over the broom in the fashion of a cap, and with a string run in the upper hem. The best colors for these covers are dark gray, blue, green, or black. Do cover a broom with a string run in the upper hem. The best colors for these covers are dark gray, blue, green, or black. Do cover a broom with a string run in the upper hem.

Bangs Must Go.
Fluffy bangs, and even the coquettish waves that so graciously conceal the imperfections of an ugly forehead, are, as well as the girl's hair, a thing of the past. The mannish girl is at the height of fashion, and she is satiate with thousands of her primmer sisters by parting her hair at the side.

exposure; you are doing an immense amount of good by same. So let the good work go bravely on and oblige.
St. Louis, May 13. THE TAXPAYERS.

Two Fenders That Worked.
To the Editor of the Post-Dispatch.
I hope the Board of Public Improvements is keeping track of the fenders that work and the fenders that kill. Yesterday a fender on car No. 776 of the Union Depot line, ever dollars we have in this country are not good dollars, worth 100 cents, whether it be gold, silver or paper. What nonsense! The dollar we are using is a good dollar, it is when you come to measure them in produce you find they are not as "good dollars" as the dollars of the past. The Milk Dealers' License.
To the Editor of the Post-Dispatch.
I think the license fee of \$10 for selling milk is too large. It would drive out all the small dealers and turn the business over to the big ones. I am in favor of a license fee of \$5. In my opinion, these are just the ones who are to blame for the ill name that attaches to St. Louis milk.

Kentucky for Silver.
From the Cincinnati Enquirer.
All the information from Kentucky plain-ly indicates that the great majority of Democrats in that State are for silver. It was no doubt always so, but the silver sentiment was enmeshed by the official power of the gold advocates. The movement for the silver metal has grown with persecution, and is probably stronger now than ever before. Time makes all things even.
